Information Resources for PCPAC - PCLinux2007

PCPAC PCLinux 2007 is a re-packaging of PCLinux 2007. You will find that the PCLinuxOS documentation will serve for most purposes.

Very good documentation on what to expect when you boot the liveCD is at <http://knolinux.com/2007/03/29/pclinuxos-2007.aspx>. The page also covers the installation to a hard disk.

The PCLinuxOS main documentaion page is <http://docs.mypclinuxos.com/> and the support forum is at http://www.pclinuxos.com/index.php?option=com_smf&Itemid=58.

The home page for PCLinuxOS 2007 is <http://www.pclinuxos.com>.
